About us

Leva Home Lifts delivers an affordable and stylish solution for seamless vertical mobility within your home. Designed for both new and existing residences, our lifts provide a hassle-free alternative to stairs while enhancing comfort and accessibility.

With a variety of models to fit different budgets, we offer customizable sizes and colors to perfectly complement your space and style. Built for durability and safety, our lifts are lightweight yet sturdy, featuring an in-built battery backup and a smart control system for uninterrupted operation, even during power outages.

Our Service

Elevate Your Home, Effortlessly.

At Leva Home Lifts, we specialize in providing innovative and reliable vertical mobility solutions designed to bring comfort, safety, and style into your home. Our services are built around your unique needs, whether you are upgrading an existing residence or planning a new one.

Equipped with advanced sensors, child-safe features, and a built-in battery backup, our lifts are engineered for maximum reliability and peace of mind even during power outages.

Experience the perfect blend of luxury, functionality, and safety with **Leva Home Lifts**.

Our Product

Designed to Blend, Built to Elevate

Leva Home Lift is an architectural statement.

With its sleek, compact design and customizable aesthetics, Leva complements any home style, from modern minimalist apartments to timeless traditional villas. Its elegant finish and smooth operation bring a sense of quiet luxury to your everyday living.

Whether placed in a corner, near the stairwell, or integrated into the heart of your home, Leva fits effortlessly, making vertical movement seamless, stylish, and supremely functional.

Lift with Confidence

With its compact, Leva blends into both modern and traditional villas without the need for a pit or major structural changes. What sets Leva apart is its flexibility, each unit can be fully customized in terms of cabin design, size, and color to suit your space and personal aesthetic.

INTENTIONALLY DESIGNED

LEVA

At Leva Home Lifts,

We believe that accessibility should never be an afterthought.

Our specially designed wheelchair accessible lifts are engineered with care, precision, and empathy crafted to offer smooth, safe, and dignified movement across every level of your home.

Whether it's for a new home or a retrofit project, Leva lifts are built to empower independence without compromising on style or safety.

LEVA

TRULY MAINTENANCE - FREE LIFT

Enjoy a maintenance-free home lift experience – unlike conventional lifts, ours require no monthly servicing, just a simple annual check - up and come backed by a 5-year warranty on both motor and pump for complete peace of mind.
